

**KAISER OBSTETRICS & GYNECOLOGY BAY AREA RESIDENT RESEARCH SYMPOSIUM PRESENTATIONS**

2021:

Breast cancer risk in BRCA mutation carriers after diagnosis of epithelial ovarian cancer. **Andrea Nanez, MD.**

Minimally invasive myomectomy: examining practice trends and racial disparities within a large integrated healthcare system. **Amy Le MD, Best scientific presentation.**

“A step in the right direction”: Pharmacists’ perspectives on dispensing mifepristone for medication abortion. **Melanie Ma, MD.**

Gender-affirming chest surgery and hysterectomy in transmasculine and non-binary patients: an assessment of concomitant versus staged surgical approach. **Rosanna Galzote, MD.**

2020:

Postpartum hemorrhage in advanced and very advanced maternal age women. **Austinn Freeman, MD.**

Association of LEEP with preterm birth and preterm premature rupture of membranes. **Sha Jin, MD.**

Foley Balloons in TOLAC: assessing adverse outcomes. **Debra Wang, MD.**

Persistent postpartum urinary retention. **Lisa White MD.**

2019:

Electronic medical record intervention to improve adherence to prenatal vaccination recommendation. **Isabel Greenfield, MD.**

Efficacy of boric acid powder for treatment of fluconazole-resistant vulvovaginal candidiasis. **Madeline Helledag, MD.**

Racial and ethnic disparities in cesarean delivery rates and indications among nulliparous, term, singleton, vertex women. **Ijeoma Okwandu, MD, Best Scientific Resident Research Award.**

Salpingectomy for sterilization. Change in practice in a large integrated health care system, 2011-2016. **Sarah Simmons, MD.**

2018:

Proactive community case management and contraception use in peri-urban Mali. **Jessica Beckerman, MD, Best Presentation.**

Management of perinatal iron deficiency anemia: A retrospective review of a community-based intervention. **Samantha Fernandes, MD.**

Risk of preterm birth in women with uterine anomalies. **Brittany Kausen, MD.**

Unmet needs for women’s health care in low resource settings: results from a representative, 3-Country randomized, cross-sectional survey. **Chemtai Mungo, MD.**

2017:

Cost savings of population based BRCA testing for Ashkenazi Jewish adult females in Northern California, **Jana Freeman, MD.**

Experience with opportunistic salpingectomy at Kaiser Permanente Northern California, **Maria Martin, MD.**

Combined chest and pelvic surgery for transgender patients in an integrated health care setting, **Stephanie Cizek, MD.**

**Kaiser San Francisco ObGyn Residency Training Program**  
*Academic Training in a Positive Learning Environment*

Preventing early-onset Group B Streptococcal sepsis: is there a role for rescreening near term?  
**Rachel Mirsky, MD.**

2016

Does the addition of vaginal brachytherapy to adjuvant chemotherapy for stage I-II uterine serous carcinoma improve recurrence-free and overall survival? **Allison Barrie, MD Best Scientific Resident Research Award.**

Rates of postoperative urinary retention among hysterectomy types, **Brandon Chen, MD.**

Day 2,3 follicle stimulating hormone in infertility patients classified by Race/Ethnicity, **Bhakti Gangapurkar, MD.**

Glyburide treatment of A2 gestational diabetes in a large cohort study: risk factors for failure, **Kristen Misiak, MD.**

2015

Do pessaries increase the risk of urinary tract infections in post-menopausal women with pelvic organ prolapse and/or urinary incontinence. **Harmony Schuttler, MD.**

Use of pelvic organ prolapse quantification (POPQ) measurements to predict pessary type for successful fitting. **Maureen Cho, MD.**

Robotic vs conventional laparoscopy for the staging and treatment of endometrial cancer: A comparison of outcomes, **Laura Abbott, MD.**

Cancer Risk-Reducing Strategies in Women who Test Positive for a BRCA Variant of Unknown Significance, **Christine Garcia, MD.**

2014

Maternal antidepressant use and serum analyte levels, **Christina Schroeder, MD.**

Predicting macrosomia through racial specific thresholds in the oral glucose challenge test, **Monica Devoy, MD.**

HPV vaccination series completion by race/ethnicity and degree of acculturation, **Cristina Gamboa, MD. Best resident research award.**

Assessment of a patient decision guide for elective bilateral salpingo-oophorectomy at time of hysterectomy, **Baotram Nguyen, MD.**

2013

Evaluation of immunohistochemical markers as prognostic parameters in uterine leiomyosarcoma. **Jenna Kubat, MD.**

The role of provider self-disclosure during contraceptive counseling. **Merritt McLean, MD.**

Risk of cervical precancer and cancer in women with cervical intraepithelial neoplasia grade 1 on endocervical curettage, **Emily Mohebal, MD.**

The cost of hypertensive disorders of pregnancy, **Jillian Main, MD.**

2012

Contraceptive effectiveness of Essure transcervical sterilization. **Erika Deraleau, MD.**

Congenital heart defects in monozygotic twins. **Kate Pettit, MD.**

Compliance with diabetes screening recommendations after pregnancy complicated by gestational diabetes. **Nicole Rink, MD.**

**Kaiser San Francisco ObGyn Residency Training Program**  
*Academic Training in a Positive Learning Environment*

Comparison of the incidence of pelvic inflammatory disease after intrauterine contraception insertion: effect of gonorrhea and Chlamydia screening strategies- A retrospective cohort study. **Jacqueline Wendt, MD. Best Scientific Presentation.**

2011

Outcomes of IUD insertion following medical abortion compared to interval insertino, **Marissa Brie Todd, MD.**

Assessment of an educational intervention in Female Sexual Medicine in Obstetrics and Gynecology Residency Training Programs, **Amani Zewail, MD.**

A study of race-based differences in utilization of select infertility services after initial referral, **Cord Valentine, MD.**

Does day 4 matter? Reexamining the protocol for following beta-hCG after methotrexate treatment of ectopic pregnancy, **Robyn Lamar, MD. Best resident research presentation.**

2010

The early rate of rise of beta-hCG in delivered non-IVF singleton pregnancies differs between younger and older infertility patients, **Raveen Gogia, MD.**

Second trimester serum triple-marker screening in delivered PCOS pregnancies, **Sara Johnson, MD.**

Does change in urinary incontinence status impact change in quality of life? **Karbo Tam, MD, Best scientific presentation.**

Influence of the urogynecologist on the re-operations rates for pelvic organ prolapse and urinary incontinence procedures, **Tricia Wright, MD.**

2009

Contraception us by women with chronic medical conditions, **Eric Lantzman, MD, Best scientific presentation.**

Screening for cervical cancer in young pregnant women, **Jessica Matchett, MD, MPH.**

Critical evaluation of the role of magnetic resonance imaging of the sella turcica in patients with asymptomatic hyperprolactinemia, **Mary Pravdin, MD.**

Physician attitudes around provision of medical abortions: a pilot study, **Susan Tien, MD, MPH.**

2008

Attitudes and Beliefs among Teenagers and Young Women about the Intrauterine Device, **Kendra Fleming, MD.**

Long term follow up after endometrial ablation, **Mindy Longinotti, MD, Best research award.**

Essure permanent birth control: The Kaiser NCAL experience with hysteroscopic sterilization, **Ulrike Savage, MD.**

2007

Predictors of hysterectomy after uterine artery embolization for leiomyoma, **Katherine Gabriel-Cox, MD, Best research award.**

Ovarian Borderline Tumors: Accuracy of Intra-Operative Frozen Pathology in Relation to Final Permanent Pathology, **Kathryn Wells-George, MD.**

The Perinatal Trigger Tool, **Joelle Morrow, MD.**

Minilaparotomy for Gynecologic Surgery: Kaiser SF Experience, **Jerry Tsai, MD.**

2006

**Kaiser San Francisco ObGyn Residency Training Program**  
*Academic Training in a Positive Learning Environment*

Sublingual Lorazepam is an Acceptable Pre-Medication for outpatient Uterine Aspiration, **Iлона Goldfarb, MD, MPH.**

Variations in Birth Numbers at Kaiser San Francisco: A Ten year Retrospective Study, **Diana Douglass, MD, PhD.**

Vulvar Paget's Disease: Is Screening for Occult Malignancy Justified?, **Monica Kendrick, MD**  
Perinatal outcomes in Singletons Following In-Vitro Fertilization: A Meta Analysis, **Kimberly Garfinkel, MD, MPH.**

2005

Maternal Thrombophilia and Thrombotic Placental Lesions, **Navneet Gogia, MD, MPH.**

Accuracy of Pre-operative Endometrial Biopsy in Determining the Need for Surgical Staging, **Yuna Han, MD.**

Comparison of Glyburide and Insulin for the Management of Gestational Diabetes in a Large Managed Care Organization, **Gladys Ramos, MD, Best research award.**

Meconium-stained amniotic fluid is associated with puerperal infections, **Susan Tran, MD.**

2004

Low Malignant Potential Ovarian Tumor Recurrence After Conservative Treatment, **Agnieszka Vay, MD.**

Differential Gene Regulation by Estrogen Receptors with 17beta-Estradiol and Conjugated Equine Estrogens, **Deborah Wachs, MD.**

Cervical Cancer Screening Study: A Questionnaire Study of U.S. Obstetrician/Gynecologists, **Mona Saint, MD, MPH.**

A Randomized Study of Cervical priming with Misoprostol Prior to Elective First Trimester Pregnancy Termination: Effects on Pain, Ease of Procedure and Complications, **Johanna Dubyak, MD.**

2003

Medical Abortion and the Kaiser Experience, **Naomi Silber, MD.**

Detection of Breast cancer Recurrence Using a Database Driven Algorithm, **Burke Archibald, MD.**  
Risk of Severe Perineal Lacerations Correlated with Indication for Vacuum Delivery, **Sekou Kelsey, MD.**

Fetal Fibronectin in Management of Threatened Preterm Labor: A Cost Savings Analysis, **Lasha Pierce, MD.**
